Our Mission

The mission of the Forest Park Zoological Society is to promote public awareness and appreciation for indigenous and exotic animals, and to provide educational programming for all ages that encourages understanding and respect for the natural environment. The animal collections and gardens enhance our perception of the natural world, and emphasize the importance of biodiversity. The Society is committed to inspiring conservation of our natural resources and protection for threatened and endangered species. The Forest Park Zoological Society will continue to maintain the highest standard of animal care and facility maintenance, and promote comprehensive educational programming opportunities for its members and the regional community.

Adopt an Animal

Have you ever wanted to be the proud adoptive parent to a spotted leopard, red kangaroo or other exotic species? This is your opportunity to do something wonderful for something wild at the Zoo in Forest Park and Education Center. Our Adopt an Animal Program is the perfect way to teach children and adults about conservation, and to increase their awareness of exotic and indigenous species.

Your adoptive friend will remain at the Zoo where our qualified zookeepers will continue to provide the daily care and attention it requires. We also provide habitat enrichment and improvements. Due to the popularity of some animals, more than one person may adopt the same animal. Whatever animal you choose know that all of the money goes to support your new family member and the entire Zoo in Forest Park and Education Center!

Our animal adoptions make great gifts for birthdays, graduations, holidays or to mark a special milestone. Group adoptions available.

Adoption Benefits
